## Sam Schultz Says Wife, Two Children

Apparently the victim of a homicidal mania, Samuel Schultz, 41, formerly well-known as the proprietor of McKnight's Meat Market on Jasper avenue, murdered his wife Rose, 35, his son Herbert, 11, and his daughter June, 6, sometime Monday morning. He then went to the basement of his home and committed suicide by carbon monoxide poisoning. The tragedy took place at a family residence, 10123 117 street.

The tragedy became known shortly before 2 o'clock Monday afternoon, when Mrs. Sam Nelson of 10173 118th street, called up the Schultz home to talk to her daughter, Mrs. Schultz. Alarmed when frequent ringings of the telephone failed to bring an answer, she called relatives, who investigated and found the door unlocked.

## SUSPECT PAIR IN CRIME ARE GIVEN RELEASE

Men Who Surrendered To Police Knew Nothing About Brutal Murder

The two men who surrendered questioning in connection with the brutal murder, early Friday morning, of Fred Oliver, night-man in the Dominion House across the street, knew absolutely nothing about the crime, the court announced Monday by police, as they freed the two men after technical vagrancy charges were withdrawn.

The two William Geddis, alias Peter Hall, 28, of Winnipeg, and Eileen Kelly, alias Frank Bradley, 26, of Vancouver, were charged with the murder of Oliver.

They were released after police determined they were being sought by police in connection with the murder of Oliver.

There was no holiday on Sunday for either Chief of Detectives Sullivan, or Detective Chris Shaw. The two men were in conference all day examining the evidence of photos.

Immigration Officials Scan Quotas—Government Embarrassment

OTTAWA, Feb. 14.—Illegal entry of Japanese into Canada via the Pacific coast, according to a Japanese of Canadian resources such as ship and minerals, and alleged subversive activities in British Columbia, have not gone unnoticed by Ottawa, it was learned today.

Immigration officials have been rigidly checking oriental immigration, to see that the 150 quota is not exceeded. Intelligence officers in all departments have been alerted to watch for any activity with respect to fishing boats and other craft. It is known in Ottawa what timber and mining areas have been acquired. The safeguards against any measure to the safety of Canada, or any violation of Canadian neutrality in the event of hostilities have been fully prepared, but by their very nature secret.

EMBARRASSED  
Ottawa has been embarrassed from British Columbia with demands for a census to show how many Japanese are in the province, and other measures. They have put the government to some embarrassment.

## Unwin-Powell Case Rejected City Lay Out Relief Costs

Social Crediters' Imprisonment Will Not be Laid Before Parliament by Blackmore Seeking Release

DOUBT HELD AS TO GROUNDS TAKEN

By THOS. WATLING  
Executive in Edmonton Bulletin

OTTAWA, Feb. 14.—Speaker Pierre Casgrain ruled out of order today a motion in the House of Commons by J. H. Blackmore, leader of the Social Crediters, to discuss the appeal to the minister of Justice of Premier Aberhart of Alberta for remissions of sentence for Joseph Unwin and G. F. Powell.

OTTAWA, Feb. 14.—The Unwin-Powell cases are to be brought up in the Commons this afternoon as "a matter of urgent public importance". John Blackmore, Social Credit leader, will move the adjournment of the House to precipitate a debate on the demand of Premier Aberhart for the release of the two men.

Specifically, Mr. Blackmore will discuss "the advisability of the Minister of Justice granting the request of His Majesty's attorney-general of the province of Alberta for the remission of the sentence recently placed upon Messrs. Powell and Unwin in Edmonton and who are now reported to be incarcerated (or the offense alleged to have been committed in the said province which is administered by the said premier and attorney-general)".

There is a doubt as to whether the question comes within the grounds of "urgent public importance," a decision which the speaker must make. It is expected, however, that Mr. Blackmore will be allowed to go ahead with his motion.

A question was discussed in cabinet but lies entirely within the purview of the Minister of Justice. Everything is being done by the Minister of Justice to see that Powell and Unwin get justice.

Already the investigations necessary to make a decision have been set under way. The judge is being asked for his report and other reports are being obtained from various quarters.

## Investigation of Imprisonment Is Aberhart Demand

CALGARY, Feb. 14.—A real investigation should be made into the imprisonment of G. F. Powell and J. H. Unwin, declared Premier William Aberhart here Sunday. At the Calgary Prophetic Bible Institute, Alberta's premier, telling of the "problems of the past week" with the imprisonment of the two Social Credit party workers, said: "The more I think of this situation and the indignation of the people over the imprisonment imposed on these two respectable citizens, the more I feel that now that matters have gone so far a real investigation into the whole matter should be made."

In commenting on the case of Mr. Powell, who comes from London, Mr. Aberhart said:

"It would seem to me that the British parliament might be justified in demanding an explanation." "I have no desire to attack or belittle the action of the British parliament, but I think it is a pity that the British parliament should be asked to do this."

Mr. Aberhart declared he had no intention of attacking the courts, but he would do everything in his power to maintain the respect of the courts in the hearts of our people.

Mr. Powell, Social Credit adviser to the Aberhart government, and Mr. Unwin, M.L.A. for Edmonton, respectively, were taken into custody last Thursday, sentenced to serve six and three months, and later held in the Edmonton House of Detention.

Mr. Aberhart declared it was "common talk on the streets of Edmonton" that the Social Credit party had been broken in a hall at 1503 street on Saturday night.

A final selection from among the Social Credit party members was made by a special selection committee, which was appointed by the Board of Management of the Social Credit League.

Representing 30 Social Credit groups, there were 61 out of a possible 117 delegates in attendance.

As a mark of respect for the late Dr. Hall, the convention stood in silent tribute to a brief moment. Mr. Kennedy opened the convention as its chairman, but on being

## Cit Aides Try Plans New Basis

City commissioners are urging that the provincial government assess Alberta cities an amount not in excess of 10 per cent of the cities' gross annual revenue as a contribution toward the cost of unemployment relief.

Commissioners are reporting to council Monday night that if this plan were adopted it would result in a substantial cut in Edmonton's relief costs.

Approximately \$1,000,000 a year is spent on unemployment relief in Edmonton of which the city pays approximately 50 per cent, or \$500,000, including administration and overhead costs.

## TRADITIONAL

There's lots of conjecture on how it started this Valentine's Day business, but they're not important anymore. What's more important is one hope that this cupid brings you as charming a Valentine as Joan Fontaine fans in the traditional red frame. But you won't know until the mailman actually empties his sack on your doorstep this day—today—February 14.

At the same time the company is contemplating the erection of another east end suburban theatre in conjunction with Alex Fawcett of Famous Players Limited, who will also be associated with them in the upcoming venture.

Famous Players Canadian at present operates the Capitol theatre here as a separate unit, and is also in partnership with Mr. Entwistle in the operation of the Strand, Regency, Prince of Wales and Empire theatres.

Plans for the new theatres have been under consideration for some time past and negotiations have been under way with the city for the necessary sites. It is stated that the two new theatres are only part of the program scheduled for Edmonton.

Remodelling and renovating of the Broadway Theatre is also on the contemplation program.

# Sir Norman Angel Presides "Aid China Week" for World

## NOBEL PEACE PRIZE WINNER STARTS MOVE

### International Conference Plans to Enlist Boycott Supporters

LONDON, Feb. 14.—Sir Norman Angel, Nobel Peace Prize winner, Sunday urged an "Aid China Week" to mobilize world-wide opinion against Japan's campaign in China.

At an "international conference" aimed to strengthen a boycott of Japanese goods, Sir Norman suggested poster parades, publishing newspaper pledge schemes to enlist boycott supporters.

### BE OUTWITTED

A. A. MacLeod, of Toronto, president of the Canadian League for Peace and Democracy, said objections to a boycott—that it would starve Japan and impose a burden on the poorest nations—were outwitted by what was achieved.

Government action against a boycott was sufficiently widespread, he declared in presenting the report of the propaganda commission.

A second Nobel peace prize winner, Viscount Cecil of Chelwood, declared, "We must do it to stop the war in China and in the world on the withdrawal of all Japanese forces."

"If we don't succeed, we desire citizens of all countries here to clear themselves of complicity in the Japanese crime."

**OIL SUPPLIES**  
The technical section of the conference recommended appointment of permanent commissions in all countries to consider the possibility of effecting the boycott. It pointed out that the United States and the Netherlands supply 80 per cent of Japanese oil supplies.

On Saturday the Canadian delegates declared that "Canada is the arsenal of Japan, but for war materials from Canada it would be impossible to begin her aggression and impose a burden on the world."

**WORKERS READY**  
Prof. Pitman B. Potter of the University of Wisconsin said it was necessary for consumers to refuse Japanese goods and assume the responsibility of the United States working-class was ready to participate in any organized international action.

Leon Juchacz, secretary-general of the French international federation of labor, expressed a similar viewpoint.

Mr. Thomson died on Saturday evening in the Royal Alexandra hospital in his 63rd year after a long illness.

Services were taken by Rev. Ross K. Cameron, F.R.C., F.A. Clough, St. Paul's Anglican church, and Rev. Malcolm Ross, Methodist.

Honorary pallbearers were Mr. Justice W. R. Henson, J. E. Brown, K.C., Charles Crockett, P. H. Penfold, Dr. T. W. F. Henry, and Dr. Hugh McCrosbie.

Active pallbearers were W. Crawford, Tom Campbell, Dr. R. S. Wood, F.R.C., Dr. J. H. Duff, R. Skene and John Henning.

Rev. Ross, a lifelong friend of the late Mr. Thomson, who came from the same town and attended the same school, spoke fondly of the high character of the deceased, and referred to his gift of service to his fellowmen.

Canon Clough read the scripture lesson, while Rev. Ross, Canon Clough, conducted the funeral service in the private chapel and at the graveside.

Two of Mr. Thomson's favorite hymns, "O God of Bethel" and "Auld Men We're Sure," were sung.

Widely known in the city, Mr. Thomson's death was mourned by the thousands of friends who testified to his esteem in the large attendance at his funeral. Many came from out of the city to pay their last respects to a true and faithful friend.

Many floral tributes were in evidence, both at the church and at the graveside.

Largely represented in the congregation were members of the legal profession gathered from all over the province to pay tribute to one who had upheld the traditions of the judiciary, while practicing at the Alberta bar.

**OVERLAND THRUST**  
The two railways, the Tientsin-Pukow line intersecting the Lungai at Hsiao-tung, and the Peking-Hankow line intersecting the Lungai some 200 miles to the west of Changchow, were the principle avenues of the Japanese drive. Proving about 70 miles northwest of Changchow and some 60 miles from the Tientsin-Pukow line, the overland thrust and advance on the Lungai river lying between them and the Lungai.

The overland forces were operating on the left flank of the Peking-Hankow railway, the southern side of the double-headed line, which Sunday defeated 15,000 Chinese in northern Honan province. The railway column was marching on Chiaoan, about 60 miles north of the Lungai.

**RESTRICTION OF VOTING RIGHT BEING STUDIED**  
BUCHAREST, Feb. 14.—Proposals to limit the right to vote and to tighten age requirements for legislators are being studied by a commission planning a new Rumanian constitution to replace the one suspended by King Carol II. It was learned reliably last night.

One of the main reasons for revising the age of 30 instead of 23 as hitherto and require that candidates be of legal age, was the fact that in 1937 about 30 percent of 23 and over were ineligible to vote.

It was learned that the commission would be denied the franchise and it was suggested that women, previously permitted to vote for municipal candidates, be deprived of the vote entirely.

Still another proposal was that voters be required to have some definite employment. A measure to limit the number of candidates also was under consideration.

## THIRD PARTY SAID THREAT U.S. NATION

Republican Warns His Party They Must Provide Sound Leadership

By SAM ROBERTSON  
NEW YORK, Feb. 14.—The Republican party, rallying its forces for the important November elections, Sunday pondered the warning of an outspoken leader, that unless it provides the United States with a "warm, human, understanding" leadership, a third political party and a successful one is inevitable.

The warning came from Governor George D. Aiken of Vermont, who said today that "while the United States has a 'warm, human, understanding' leadership, a third political party and a successful one is inevitable."

The candidate New England farmer-businessman, who bears a facial resemblance to Abraham Lincoln and who appeared to have a great deal of common sense, issued the call for reorganization here Saturday night.

It is the immortal Lincoln's birthday, the candidate said, and it is a reminder of the 120th anniversary of the birth of the man who was a great leader of the people.

Meaning, Senator Arthur Vandenberg said, that the Republican party must be a party of the people, a party of the future, a party of the present, a party of the past, a party of the future, a party of the present, a party of the past.

Again the cabinet is divided, with Mr. Eden and a few friends in the minority. Again it is not so much a clash of programs and policies as a dispute over the procedure for dealing with Germany and Italy.

**GOING SLOWLY**  
Mr. Eden and a small number of supporters are going slowly, step by step, toward a settlement with Italy, which might break the Berlin-Rome axis from the south and end the Italian drive.

Mr. Chamberlain is showing his reluctance to make a deal with Germany and in the Conservative party against Mr. Eden on this issue, with results which may be serious for the foreign secretary's career.

**Milk Probe In Winnipeg Ends**  
WINNIPEG, Feb. 14.—Manitoba board inquiry into the milk probe price set up was brought to a close Saturday after 37 days of hearing producers, distributors and consumers.

The inquiry got underway following raising of the store price for milk from 10 to 12 cents a quart, the same level as milk delivered to homes and stores.

Alderman Margaret McWilliams appearing at the closing session said she was amazed to find the inquiry had failed to ascertain the cost of delivery to homes and stores.

WINNIPEG, Feb. 14.—Canadian Pacific train 52, running between Winnipeg and Edmonton, Saturday carry the first air conditioned, semi-streamlined day coach ever used on the regular route.

**Tourist Traffic**  
OTTAWA, Feb. 14.—Foreign tourists spent \$250,000,000 in Canada during the 1937 season while Canadian tourists in other countries spent approximately \$125,000,000. It was estimated today by the customs bureau of statistics. Corresponding estimates for 1936 were \$240,000,000 and \$107,000,000 respectively.

**Maize Crop Off**  
OTTAWA, Feb. 14.—The Dominion Bureau of Statistics Bureau has announced that the estimated yield of the 1937 maize crop in Canada was 1,470,000 acres. The area is eight per cent below the average planted last season and 14.3 per cent below the average of the last previous five years.

**KEEP INFORMED**  
"Of course," Mr. Aberhart concluded, "I should be glad to have this copy of any representations that you may make to me. I may keep it for my own use, but I will not use it for anything else."

He said in his address, the premier declared, "We are going forward in the name of the people, in the name of our hearts. There can be no surrender in the struggle between the people and the monopolists."

The people must win. Under no circumstances can any true or compromise be asked of it. The premier declared that the people of Alberta must have control of their own credit.

## Mrs. Kenny's Aim Wide: Lucky for Photographer

Fire-Eating Stork Will Contestant Admits Two Errors in Play

TORONTO, Feb. 14.—Mrs. Lillian Kenny (who possibly Kenny may not be a stork derby winner, but she still is there swinging).

While an Ontario supreme court judge was considering distribution of the \$300,000 left by Charles Vance Millar for Toronto's most prolific mother between 1908 and 1909, Mrs. Kenny was at home talking about the events of yesterday.

A New York newspaper photographer, Tom Watson, was credited with taking her picture. Mrs. Kenny admitted making two errors. She missed Watson with a shot of Charles Vance Millar. "It was good and mad and I wasn't so hot," she said.

Charles Vance Millar, the photographer down the street, Mrs. Kenny was wide and had a chuckle of merriment.
